

03.03.20	S#	Speaker	Title	Chair
09:15		Ilse Storch	Welcome & schedule	Ilse Storch
09:30	1	Martin Denter	Detection of tree-related microhabitats by remote sensing techniques (A1)	Julian Frey
09:50	1	Andreea P. Spinu	Longevity of habitat trees and their microhabitats in the Black Forest (A2)	Julian Frey
10:10	1	General discussion on A1 & A2		Julian Frey
10:40	Break			
11:15	2	Nolan J. Rappa	The effects of retention forestry on cavity nesting Hymenoptera in the Black Forest (B3)	Julian Frey
11:35	2	Nathalie Winiger	Lost in dead wood? Assessing saproxylic beetles with eDNA metabarcoding (B4)	Julian Frey
11:55	2	Laura Ruppert	From plot to landscape -Using genetic tools to analyse arthropod community composition and connectivity (B4)	Julian Frey
12:15	2	General discussion on B3 & B4		Julian Frey
12:45	Lunch: Haus zur lieben Hand, Löwenstrasse 16, 79098 FR			
14:00		Carl Beierkuhnlein	Biogeographical research in central European forests - experiments, models, monitoring	Julian Frey
15:00	Break			
15:30	3	Anna-Lena Hendel	Functional effects of forest structures on bats (B5)	Julian Frey
16:50	3	Katarzyna Zielewska-Büttner	Deriving biodiversity relevant forest structure parameters from publicly available aerial imagery. Deadwood detection	Julian Frey
16:10	3	João Manuel Cordeiro Vale Pereira	Studying the response of inter-trophic relationships to multi-scale forest structure in managed forests of SW Germany (B6)	Julian Frey
16:40	3	General discussion on B5 & B6		Julian Frey
18:30	Dinner: Primo Market, Bernhardstrasse 6, 79098 FR			
<b>04.03.20</b>				
09:00		Ilse Storch	Welcome	Ilse Storch
9:05	4	Jan Helbach	Structural complexity induces resource heterogeneity and increases plant diversity (B2)	Thomas Asbeck
9:25	4	Dina Emrich	Effects of landscape-scale forest connectivity and plot-scale forest structure on epiphytic lichen and bryophyte diversity (B1)	Thomas Asbeck
9:45	4	Max Wieners	Effects of forest structures on fungi (B9)	Thomas Asbeck
10:05	4	General discussion on B1 B2 & B9		
10:35	Break			
11:05	5	Nicole Still	Optimizing biodiversity-focused management under environmental risk & uncertainty (C1)	Thomas Asbeck
11:25	5	Philipp Mack	Putting retention forestry into practice. A multi-level approach in multi-functional temperate forests. (C2)	Thomas Asbeck
11:45	5	Manuel John	Scientific Knowledge in Forest Conservation Management - Professional Epistemologies and their Influence on Knowledge Production for Biodiversity Conservation in Integrated Forest Management (D1)	Thomas Asbeck
12:05	5	Carlos Miguel Landivar Albis	How does forest management affect forest biodiversity?: An insight into Black Forest (D2)	Thomas Asbeck
12:25	5	General discussion on C1, C2, D1 & D2		Thomas Asbeck
13:00	Lunch: Mensa Rempartstrasse 18, 79098 FR			
14:00		Mats Niklasson	Effects of fire on biodiversity	Ilse Storch
15:00	Break			
15:30		Jürgen Bausch	Future challenges in retention forestry	Ilse Storch
16:15		Lena Gustafsson	Summary of the symposium	Ilse Storch
16:30		Ilse Storch	Reflections & future directions of ConFoBi	Ilse Storch
18:30	Dinner: Adelhaus, Adelhauser Strasse 29-31, 79098 FR
